

The Ultimate ERP COMPARISON GUIDE

CONTENTS

03 Introduction - What to Expect from this eBook

04 Product Overviews + Pricing and Licensing

09 Microsoft Dynamics ERP Feature Comparisons

22 Conclusion + How to Contact InterDyn Artis

Hello!

Shopping for a new Enterprise Resource Planning (ERP) solution can be extremely daunting. How much will it cost? How long will it take to implement? How do I really know which one is right for me? The list of questions goes on and on, and sometimes it can be hard to find the answers.

SPOILER ALERT - It doesn't *have* to be. In fact, InterDyn Artis wants to make it easy for you. That is why we are giving you an in-depth look at the differences between Microsoft Dynamics 365 Business Central (NAV) and Microsoft Dynamics GP. In this eBook you will find the tools you need to make the right decisions including product overviews, feature comparisons, links to pricing details and licensing information plus a whole lot more.

A Little Bit About InterDyn Artis

At InterDyn Artis, your vision is our mission. We believe there is a better way to help you achieve business growth and development - the InterDyn Artis way. As a partner you can trust, we provide best-in-class experiences that drive digital transformation through shared values and expertise.

Are you ready to see product comparisons?

I'm sure the answer is yes! But, before we get there, keep in mind that if a specific capability is not included with a particular product, that feature may be available via a third party add-on. The comparisons in this eBook focus on features that are natively built into each solution, but there is almost always add-on functionality available.

Now, let's get to it!

FEATURE COMPARISONS
