QuickStart Implementation Packages

Microsoft Dynamics 365
Business Central

Time Required: 1 week   **Cost:** Starting at $15,000

Description: The QuickStart Basic Implementation Package is for businesses that need financial accounting functionality. This package provides assistance with the provisioning of your Dynamics 365 Business Central instance, data conversion, module setup and training. It is intended for a single legal entity and is a great way to quickly get up and running.

For organizations that need more than financial accounting, we also offer a QuickStart Deluxe Implementation Package. This package provides assistance with everything in the Basic Package, as well as either Distribution (Sales Order/Quotes, Inventory and Purchasing) or Jobs (Jobs Invoicing and Time/Expense).

Modules to be implemented:

- GL
- AR / AP
- Cash Management
- Financial Reports: P&L Statement, Balance Sheet
- Distribution OR Jobs (Deluxe Package)

Imported Data:

- Chart of Accounts
- Customer Master and Open AR at Go-Live
- Vendor Master and Open AP at Go-Live
- 24 months of historical GL account balances
- Inventory Items and On Hand Quantities at Go-Live (Deluxe)
- Open POs and Open SOs at Go-Live (Deluxe)
- Job Master & Open Jobs at Go-Live (Deluxe)
